Richmond Industrial Development Corporation receives community investment from LBAR

Lexington, KY (March 16, 2021) – Continuing a long-term commitment to healthy communities for central Kentucky homeowners, the Lexington-Bluegrass Association of REALTORS® (LBAR) announced its \$2,000 investment in the Richmond Industrial Development Corporation. Over the past 17 years, LBAR has made available close to \$600,000 to promote economic development across central Kentucky.

This annual initiative supports activities directly related to job creation, expansion and retention. A financial investment is available to each local economic development organization within LBAR's 26-county primary service area as a way to fund programs that will promote and build the local economy.

“LBAR fosters collaboration across the region and facilitates positive economic results by partnering with communities in our jurisdiction,” said LBAR President Kristy Gooch. “The support and resources provided to these local organizations will ultimately create jobs by helping to attract, develop and expand businesses. Studies show that healthy communities are supported by a strong real estate market. This investment is the Association’s dedication to achieving that goal and sustaining a positive foundation on which to build into the future.”

As the region’s leading advocate for homeownership, Lexington-Bluegrass Association of REALTORS® (LBAR) understands the value and joy of owning a home.
